## **Our *Extreme Clean* Commitment:**

*Cleaning, Disinfecting, Distancing and Protection*

### **Ride Safe**

**Every motor coach is thoroughly cleaned and then disinfected before and after each use as follows:**

- ✓ Removal of all dirt and debris, flooring mopped
- ✓ Coaches are fogged with a medical grade disinfectant after every charter. We run the coaches HVAC system during and after fogging for 10 min to ensure proper sanitization of entire coach. Special focus on disinfecting high touch points such as entrance area handrails, parcel rack handrails and door latches, and window release bars, plus
  - Passenger seat headrests, armrests, seat belts and seat accessories
  - We are currently locking the restrooms for safety, as we are unable to clean and sanitize between use. If a group feels they absolutely need access to the restroom, that can be arranged and use of the restroom would be at their own risk. We would clean and disinfect all surfaces in the restroom, including door handles prior to the charter.
  - All surfaces within the driver's area

**Onboard air quality is optimized as follows:**

- ✓ Cabin air completely exchanged with fresh, outside air approximately every 4 minutes
- ✓ HVAC system filters recirculated air approximately every 2 minutes

**We help everyone stay safely distanced:**

- ✓ We are currently advising physically distanced seating, though members of the same household may safely sit together. This is not mandated or enforced. We are, however, blocking the first row of seats to keep the driver safely distanced from each group.
- ✓ Your driver is trained in social distancing protocols and will practice these techniques throughout your travel experience.

### **Ride Smart**

- ✓ Hand sanitizers provided on board
- ✓ Passengers are required to wear a face covering; it's required for our drivers
- ✓ Maintain physical distancing as you enter and exit the coach
- ✓ PLEASE do not travel if you're sick – we can always help you another time

### **Ride With Confidence**

- ✓ We consistently comply with guidance as provided by our industry associations, as well as the CDC, WHO and local governments
- ✓ Our drivers, technicians and staff have been trained in best practices, including those related to baggage handling
- ✓ Our additional investments in intensified cleaning and protection help ensure a sanitary environment

We are going the extra mile to keep our coaches **clean** and **safe** for you based on current federal guidelines.
